Ex. 5 Deliberative Process (DP)

If you want advice on interpretation or model selection, let me know.

I have the BMDS files (data file, session file, option files, output files) archived on my computer.
Should I copy this material to a share drive ?

(One nice thing about Wizard and Dragon – once it's delivered, we can modify and re-run easily without sending it to ICF)

Hi John,

Ex. 5 Deliberative Process (DP)

is that ICF contract in place?

If so, can we just have them quickly run the model (based on last time, it should take them all of 15 minutes)?

Thank you,
Andrew

ICF turned this around in less than 90 minutes

Ex. 5 Deliberative Process (DP)

See the worksheet "Results" and notice the yellow highlighted cells
